### About The Conference:

The concept of Globalization is difficult to be defined since it takes a lot of passion and emotion. Different social theories offer different interpretation of how and why trans- world connections have grown. The abstract concept of globalization started to come in its most colorful form across the world in recent centuries. It has been leaving its strong impact on contemporary life and literature in modern India.

Explosion of learning and advancement in information and technology has generated a new identity. Consequently modern man has been touching a new niche in every field.

The conference will open the doors to the students, researchers and academicians to discuss and debate the constructive and deleterious impact of globalization in modern India. At the same time it will be helpful to explore how the globalization is providing a new meaning to Indian existence and whether the impacts are helpful in strengthening the age-long culture and providing a shining future to the country. The sub themes are ;

- Impact of Globalization on Literature
- Globalization & Translation Literature
- Impact on Economy
